

I write this letter of support for Mr. David Glancy with great pride and enthusiasm.

I have had the pleasure of knowing David professionally and more importantly, personally for the past several years. You see, David was my daughter's high school swimming and diving coach and I had the privilege of watching David interact with my daughter, and several other high school swimmers for four years. It takes a special person to coach any sport at any level. His compassion and professionalism was something evident while I sat off in the distance watching. His interactions with my daughter was such a positive experience for her that she returned to help coach after she graduated.

In David's professional career, I watched him defend some who, frankly, were indefensible. Our system of government however is set up so everyone receives their day in court, even one accused of killing my friend. David's behavior in court towards the defendant in that case was professional yet compassionate to not only the accused but also the community, which was struggling to come to grips with the loss of a police officer.

In addition, without any doubt I would stand next to David Glancy in any situation and defend his honor, family and integrity.

Sincerely,

Kim C. Cole
Sheriff – Mason County, MI
